U.S. rates are published September 1st of each year and are retroactive from the start of the year.

**Disclaimer: All figures above are to be used as a tool for assisting in equalization penalties and not as an exact amount.**

TARIFF RIC-6007: Mileage on empty cars moving on revenue billing will not be included in the equalization account.

Empty mileage accumulated on cars moving to and from repair facilities for modification under DOT mandated retrofit programs or for inspection and/or repair under FRA Emergency Order Nos. 16 and 17, O & M Circular No. 4, or AAR Circular Letter 7697 will not be included in the equalization account.

See the latest tariffs RIC 6007, CNR 6544 and CPR 6544 for more information
